

# Cycling route Aouste > Saillans

1

Easy version

Follow the Velodrome signs towards Saillans (cycle route and small shared road). Once in the center Saillans, take the bridge on the right then at the stop sign on the right. Canoë Drôme is located approximately 800 m to the right in front of the gas station.

Sport version

At the level crossing **1** turn right and ride up and cross the little hamlet of Cassous. A little further, you will meet a forest track and go up to reach a sealed road, which leads up to the castle of Aubenasson (as option **A**, beautiful uphill slope).

Turn left to go down and, at the next crossing, join the marked path of mountain bike routes nr. 7 and 8 going back to Saillans. Ride down and cross the village through the little square where, on the right, a fountain with drinkable water is waiting for you. At the village's exit, turn right twice - still following the mountain bike routes nr. 7 and 8. Then, after a steep slope passing a farm, you reach a forest track which goes to the village of St Sauveur **2**. Cross the village riding up on the right and at the exit - at the first crossroads turn left to take the road which turns into a track (Chemin de la Clairette). Carry on this track and cross the little hamlet of Merlets. At the little stone bridge **3**,

- follow the mountain bike routes nr. 7 and 8 in the direction of La Motte and Col des Réchats and going back to Saillans back on the asphalt road.

or - (as option **B**) keep going straight down. At the bottom of the slope, you will go past a big farm and get back on road D164 where you will turn right and after you will turn left on road D93 to go back to Saillans - following the mountain bike route nr. 26 through the roundabout of "Collet" in front of the restaurant "Magnanerie".

Once in the center of Saillans, take the bridge on the right then at the stop sign on the right. Canoë Drôme is located approximately 800 m to the right in front of the gas station.
